This is a question which had never been positively answered in the af-firmative until Dr. W. A. Lewin came to the front with his original method, which has proven so successful in thousands of cases. Dr. Lewin's ability is venched for by hundreds of the best and most favorably known citizens of St. Louis. whose names and testimonials have appeared during the last ten years from time to time in these columns. He has cured men, women and children of all ages with unqualified success. His treatment is practically without pain, is safe and certain in its results, and will not interfere with the daily occupation of the pa-

Dr. Lewin was born in Germany, where he received a thorough education. Twenty years ago he came to this country, where he also graduated in several leading medical colleges. Dr. Lewin's method is indorsed by the most prominent physicians and surgeons of St. Louis; in fact, Dr. Lewin prefers to have you ering your family physician along, let him examine you before and after you are discharged, and unless he pronounces you perfectly cured you do not have to pay one cent. Is this fair enough?

## STRANGULATION

Sets in, as it so often does, the outome is usually fatal. DON'T TAKE HANCES! Come and be cured while is not too late. I

## STRIKE SETTLEMENT AIDS WORLD'S FAIR.

Last Obstacle to the Onward Movement of the Great Project Is Eliminated.

### **GENERAL INTEREST INCREASES**

Plans for Completing Local Subscription and Securing Constitutional Amendments Are Discussed.

Not the least important effect of the set tlement of the street railway strike in St. Louis was its effect upon the World's Fair situation. Now that the strike is settled enders of the great enterprise, who have all along kept a bold and brave front and never for one moment faltered in the expression of their confidence in the ultimate success of the movement, are willing to admit that the long-drawn-out labor trouble caused the hearts of even the bravest of the World's Fair leaders to be depressed and fearful. A continuation of the street rallway strike indefinitely would inevitably have had a bad effect upon the Pair. Now that the strike is settled, a great load has been lifted from the mind of every man who has the success of the Pair at heart, and the work will be pushed rapidly forward.

Of course the first thing to do is to complete the local subscription of \$5,000,000. This, it is generally conceded, would have been done long ago but for the strike, and it is believed with confidfience that not a great deal of time need be lost in disposing of that part of the preliminary work now. Local labor leaders, and especially those connected with the Building Trades' Council, have always been warmly in favor of the Fair, and since the strike has been settied numbers of labor men have reiterated retarded no more from any cause. There have already been several informal talks among the committee members who are managing the World's air project as to the advisability of establishing a labor bureau such as was caused in Chicago by labor troubles during the period of preparation for the Columbian Exposition. If the feeling

which during for the Columbia Perchasion of the Lordina Perchasion of the Columbia Perchasion of the C

impracticable to indorse all the enterprises and inadvisable to discriminate in favor of one.

Both the national platforms in 1892 contained indorsements of the World's Columbian Exposition, to be held the following year. The circumstances were not exactly identical as preparations for the Chicago Fair were, of course, much farther advanced. The indorsement by all political parties in Missouri of the Constitutional amendment authorizing the city of St. Louis to increase its bonded debt by \$5,-00,000, in aid of the Fair, is of more immediate practical benefit to the enterprise.

So far no opposition whatever has developed to these amendments, either in the city of St. Louis or in the State generally. It will be remembered that a bare majority of those actually voting on the amendment must be obtained, both in the entire State and in the city, in order to secure the issuance of the bonds. There will be several other amendments on the tickets, and hence it will be necessary to call the careful attention of voters to the two amendments affecting the Fair. The first of these has to do with the local bond issue and the second authorizes an appropriation from the sinking fund for a State exhibit. A large number of prominent Missourians have already promised to bring the matter before the attention of voters in all parts of the State, and when settive work is resumed in September further steps will be taken to conduct a vigorous and dignified campaign. taken to conduct a vigorous and dignified campaign.

The promoters of the World's Fair will not be satisfied with a bare majority. They are asking to secure an emphatic vote which will advertise to the entire country the popularity of the movement in Missouri, its popularity in adjoining States was thoroughly proved by the representative delegation to Washington on the occasion of the special hearing before Congress, and also by the final vote on the Government appropriation question.

Museum Feature Discussed.

field, Sunaima, and Jeanny, Gertrade O'Nelli, a newcomer. Next week "Fra Diavelo" will be presented.

leading attraction of the candeville bill at Forest Fark Highlands this week. "The Girl," who has been seen only in New York and Hoston stress she was here last fall, comes with an suith of

she was here last fall, comes with an suitst of entirely new scenery and an organ which cast 180,000. Almost as big as attraction as the ritum-haired singer are the Six Sennettes, who present a sketch, "Fun at the Zoo." Asme Puryls, a slight, graceful young woman, does treasformation discess on the rolling globs. O'Brien and Buckley are musical comessates, and King and Doy will do Unicese acronities. Roll and Dill, the German character comechans; the Leonards, comedy boxers, Carl Charles, the quilibriest, form a capital programme for a sammer garden. The Royal Marionettes are performing in the children's theater.

Museum Feature Discussed. Among callers of the week was Mr. William Alianson Bryan of the Field Columbian Museum at Chicago. Mr. Bryan has just returned from Honolulu with credentials from Mr. William T. Brigham, director of the Bernice Pauahi Bishop Museum of Polynesian Ethnology and Natural History. Mr. Bryan reports great interest in Hawaii in the St. Louis World's Fair
